

Aromatherapy 2 Flourish with Nature's Sunshine

Nature's Sunshine's Authentic Essential Oils:

Lavender Organic
Lemon
Peppermint
Tea Tree
Frankincense Organic
REFUGE calming
ESSENTIAL SHIELD
CORE balancing
INSPIRE uplifting
RECOVER soothing

Available individually or in the Authentic Essential Oil Kit: includes the above 10 (5ml) essential oils for \$126.95.

WHY AUTHENTICITY MATTERS:

- Essential oils are the potent essence of aromatic plants and when applied topically are absorbed through the skin into the bloodstream almost instantly.
- Inhaling an oil's aroma immediately passes vapors into your body and mind.

Nature's Sunshine essential oils are uniquely backed by the SureSource Guarantee: a practice that absolutely verifies essential oil authenticity back to cultivation, harvest and original distillation. Bonus: Organic and Wild grown oils!

Authenticity: Nature's Sunshine SureSource Guarantee:

- ~Testing is done throughout the entire process- from plant to bottle
- ~Traceability to farm and grower
- ~Long- standing relationships with growers and distillers
- ~SureSource assures all natural oils with NO adulteration
- ~Quality Analytical testing (GC, MS) assures oils contain the natural variation of phytochemicals and unique "signature"
- ~Organoleptic (smell) evaluation

Application:

It is encouraged to **diffuse** and apply the oils **topically after diluting with a carrier such as Nature's Sunshine's carrier oil**. Though thoroughly pure and effective, Nature's Sunshine Products **does not recommend ingesting** the essential oils for safety and pre-cautionary reasons. The health promoting properties and aromas can be realized through diffusing or massaging the essential oils when diluted in a carrier.

Great carriers and tools from Nature's Sunshine: Natria Irish Moss lotion, Silver Shield Gel, Everflex Cream, Glass Spritzer bottles, Glass Roll-on bottles, and more...
