

MOTLEY MULISHA MVP READING CLUB!

**Read the book & chat
with the award-winning author!**

Chatting with readers is one of my most favorite things to do! And I'd love to talk with you about Motley Education. Mystery, magic, and mythology stalk Ebony and Fleishman at every turn. We can explore the spirited friendships they find, the mystical creatures they meet, and the importance of family along every twist of their corpse-raising adventure!

I'm offering this FREE reading club to any classroom or group that purchases a copy (or more) of Motley Education. This offer will extend to each consecutive book released in the series.

Membership includes:

- * Signed bookmarks & Motley group stickers.
- * Skype, FaceTime, Google Hangout visit for 30 minutes, or classroom visit for 1 hr. (depending on travel distance)
- * I will provide a list of questions about the book, reading, & writing prior to our visit.

TEACHERS & LIBRARIANS: Motley Education is aligned with the common core for grades 4-7 and comes with a **FREE** guide. Downloaded it from my website www.salarsenbooks.com.

Want to meet online? In person? Or have me host a writing workshop for your group? Have questions or want to signup? Contact me at sheri@salarsenbooks.com.
