

# SPIRIT OF SUTTERBY

**Workshop – Wolds Medieval Landscapes & Farming, with Mark Gardiner & Dave Start**

Sat. 6th October 2018. 1000 -1600hrs . Langton Village Hall. Bring your own lunch. £10.

Mark Gardiner and Dave Start had obviously put in a lot of research for this workshop and it showed. The local detail was excellent and fully appreciated by those attending who also added to the talk. It was illustrated with many slides of farming methods, tools, field plans and the way peasants dressed, many of which came from illustrated manuscripts. Plough teams and ploughing methods were also discussed . After lunch there was a walk over local fields to see what remained of Rigg and Furrow formed by ploughing and the lie of the land. We had the first heavy rain for some time so it was very wet and heavy underfoot.

Once again The Artisan Bakery of Firsby supplied the themed cake (iced during the talk) to be totally correct for the workshop.

Mark Gardiner
