

# Sutterby Compost Heap Cake

The latest master piece to come from the “Firsby Artisan Bakery” was commissioned to celebrate the talk given to the Spirit of Sutterby Horde on Wednesday night February 3<sup>rd</sup> 2016.

The illustrated talk was titled “ A walk in a Medieval Garden” and was given by our friend and fellow member of SoS. Paul Day.

The Compost Heap Cake was multi-layered to assimilate the build up of layers of garden waste etc. put into the heap during the year, the top of the cake of course has the least decomposed parts and you are able to see the leaves, twigs and roots that were the last objects to go in.

There were two cakes and the were cut into slices and eaten and enjoyed by the people at the talk.
