

# SPIRIT OF SUTTERBY

Local views, Local history - Brian Johnson shares his extensive photographic catalogue of people, places and things.

Wednesday 12<sup>th</sup> Sep 2018 1930 hrs. Sausthorpe Village Hall £5 to include refreshments.

A step back in time with the aid of slides and cine film taken by Brian Johnson's family. We had a film of a journey by train on the local lines going through stations long gone, we watched the Sheep Fair in Partney, as well as wonderful footage of farming using binding machines, early combine harvesters and bailers.

There were slides of family life down on the farm when Brian and his sisters were young, animals and pets, farming methods and amazingly slides of the local area taken from a small plane hired and flown from Skegness Aerodrome.

It was a wonderful evenings entertainment that brought memories flooding back to one and all, well done Brian, thank you very much .

A fittingly themed cake was provided by the Artisan Bakery of Firsby, which Brian cut for us and we all enjoyed whilst looking through photo albums portrait photos also supplied by Brian

Brian Johnson
