Dear Representatives Tonko and Luján,

On behalf of the 46 undersigned organizations representing the Nursing Community Coalition (NCC), we would like to thank you for your efforts to successfully include Section 303, *Allowing for More Flexibility with Respect to Medication-Assisted Treatment for Opioid Use Disorders*, in the SUPPORT for Families and Communities Act (H.R. 6). Your tenacity for improved access to treatment is deeply appreciated by the NCC.

The members of the NCC are the cross section of education, practice, research, and regulation within the nursing profession and fully support the inclusion of Advance Practice Registered Nurses (APRNs) as critical providers working to curb the opioid epidemic. With over four million licensed Registered Nurses, APRNs, and nursing students, the profession shares your drive and passion to continually improve care for patients, families, and communities. The coalition is committed to improving the health of our nation and seeing Section 303 of H.R. 6 advance in the final opioids package.

Again, we commend your vision to introduce The Addiction Treatment Access Improvement Act, and your continued fight to see H.R. 6 adopt Section 303. We appreciate your continued support of America's nurses. If the Nursing Community Coalition can be of any assistance to you please do not hesitate to contact the coalition's Executive Director, Dr. Suzanne Miyamoto, at [smiyamoto@aacnnursing.org](mailto:smiyamoto@aacnnursing.org) or 202-463-6930.
