1. Boarding House

It was suggested by SD that the boarding house showers were not working properly. The showers appear to not always give out hot water and this message will be forwarded on to Linda in the house.

2. Drinking Fountains

The council hoped that some of this year's budget could be used on improving the drinking facilities for break times, the new sports hall does not have a working water machine and could one be installed either inside or outside.

3. Fundraising and charity work.

Suggestions for Hello Yellow Day and raising the profile of mental health issues within the school were discussed at length, with 3 ideas put forward;

- A yellow theme for the canteen that day e.g, custard, sweetcorn, korma
- Wear a yellow item of clothing for the day
- Have students paint yellow pictures with written messages on them giving advice about mental health awareness.

4. Macmillan Cake Day

ST reminded the council to spread the message of the days event on the 28th September and the importance of cancer research and raising as much money as possible.

AOB

Some reps said that they have to rush their food down in the canteen and the lunch break needs to be made longer. It was put forward that 5 minutes could be taken from the end of school registration period (which would put it in line with the lunch time period) and therefore not have any real impact on the running of the school day.
