Excellent feedback - well done Jeremy!
Put a copy of this in your CPD file for PM.
Regards
Gareth

Subject: Special Thanks to Jeremy Ord

Mr. Evans,

My name is Aubree Slavik and I have been very fortunate to meet many of your students this season as the Education Coordinator at the Bursledon Brickworks Museum. June and July are the busiest months for visitors, so I am just getting around to following up on some communication. I felt it necessary to email you directly and highlight my interactions with a member of your team, Jeremy Ord.

Jeremy has visited the Brickworks with two separate groups of boys from Lakeside. On both occasions, he has shown exceptional leadership as a representative of your school and the students show a great respect for him as they go about their activities. As a licensed teacher for over ten years, I have worked with students in a variety of environments and I am aware of the unique challenges that many of the boys from Lakeside are working through on a daily basis. My parents have been primary school teachers for 40 years, and I know more than most that the job of a teacher can be both rewarding and difficult. There are unique opportunities for individuals in my position to show appreciation for people like Jeremy that are modeling patience, compassion, and a keen desire to provide special learning experiences.

Thank you, and thanks to Jeremy for choosing the Brickworks as a place to learn. I know that my volunteer team truly enjoyed each visit and were impressed with all adult helpers from your school.

We look forward to seeing more of your students in the future.

Kind Regards,

Aubree Slavik

Education Coordinator
