Argyll and the Isles Culture Heritage and Arts Assembly (CHArts) – SCIO

Trustees

CHArts is an exciting start-up currently funded by Creative Scotland and LEADER, with the aim of connecting and growing our vibrant creative and heritage sector.

We have recently been granted SCIO status, so we are now on the look-out for dynamic, well-connected Trustees who are passionate about culture, art and/or heritage. Your broad range of relevant skills and experience, and your support of our interim Development Manager, can help make a real difference. You will be working closely with the Steering Group, representing our membership, to set strategic direction, and you will be forming productive partnerships with local and national bodies connected to our sector.
