PRECAUTIONARY BOIL WATER NOTICE

To: Residents of Knotty Pine Loop

December 22, 2018 7:00 pm

Due to a water shutoff to repair a water line break, a precautionary boil water notice has been issued.

As a precaution, until tests confirm that water is free of bacteria, we advise that all water used for drinking, cooking, making ice, washing dishes, or brushing teeth be boiled. A rolling boil of one minute is sufficient. As an alternative, bottled water may be used.

This precautionary boil water notice will remain in effect until a bacterio-logical survey confirms that water is safe to drink, at which time the boil water notice will be rescinded.
