MINISTRY TESTIMONY:

3 weeks ago a pregnant 22 year old Isaura Vargas walked into church prior to the start of our service. She told me that she was in tremendous pain and that her Doctor said she would need to abort her baby girl because of complications. I immediately begged her to reconsider this advice and obtain another opinion. After praying with her, we sent her home with the hope that she would take the advice.

The following Saturday our fellow missionaries Lauren Jones and her roommate Laura were visiting us from Santo Domingo. They serve with a ministry that combats the sex trafficking in this country. We all went to visit Isaura and follow up with her decision. Praise the Lord, she did seek another opinion and discovered the baby is healthy. She will not abort her baby girl! Also, Isaura came to church this week and came forward during the invitation and prayed to receive Christ as her Savior. **Praise the Lord! Two lives saved! One spiritual, one physical!** She is currently six months and we are praying for a safe delivery. Please pray for her she is not married and the father of the baby is not involved in her life.

Also, praise the Lord on Easter Sunday 54 year old Andres Rodriguez accepted Christ as his savior. He has faithfully attended our services for the past 2 months.

Finally, we launched our Child Development Center in March. We look forward to giving a great report from this ministry in the months to come!
