

Local President Council Report

September 13, 2019 BOD Meeting

It's been a quite Summer, however I know Boards from around the great state of Wyoming are busy doing local activities and working in their communities to make them even better as REALTORS do!!

I asked all Local Presidents to jump on the bandwagon and get on the C2EX train..... Because it's a self-speed program and honor system there is really know way of monitoring this program.

Hopefully at Convention we can get some local Board Presidents to step and participate in the great convention activities we have.
