

# Advocacy and Political Involvement Report

SPC program is still a focus and moving forward

Many focal points during Convention, more to follow

Currently established and identified the WR REALTOR Party for Austin in November

Major Investor Chair will also be new since the retirement of Landis Benson

Focusing on Major Investor events across the State,

Cheyenne is October 23 along with the Leadership Installation

Curate continues to be an active and real time source of municipal issues/information

Not sure if you want to share with local's political policy committees or not?
