

Community Involvement Tami Galitz September 2019

A goal this year was to have more communication with the events that the local boards were a part of. As we all know the communication end can be the challenge. There were several boards that did amazing activities to help and enhance their communities. Such as Highway clean ups, Habitat for Humanity, Help an elder day, Park clean up, Make a Wish and so much more. I will continue to try to document each of these events more in the future so we can all see what each board is doing.

I defiantly have to give props to all the boards for the increased participation in RPAC. With talking to the local presidents it seems the majority of boards have found ways to increase RPAC participation.

Looking forward to a jam packed fun week! See you soon!

Tami Galitz
