Aurora & Aurora Leisure

All WildAx Motorhomes are fully winterised. The living area is insulated with an advanced compound on all sides and the under-slung water tanks are insulated with the addition of low power heaters for very cold weather.

At night time the Aurora and Aurora Leisure offer a huge rear adult kingsize bed and a large single bed at the front. The rear bed also has the function to swing up and lock in place to offer a full height storage area for tall items. With the bed down there is a fantastic 1400 litres of storage space!

The Aurora Leisure has the same layout as the Aurora with the extra flexibility of a rear lounge in place of the bed. This lounge also converts to a bed in seconds.
