MobArt is proud to present <Silence Whispers>, a solo exhibition by Cindy Chan, exhibiting a series of Cindy's latest paintings inspired by trivial matters of her daily life.

Cindy believes life is composed of trivial things that occur repeatedly. For most people, these things are just too minor to take notice, but for the artist, these are the things that she pays attention to. Painting to her is a way of speaking, which subtly utters her stories and emotions.

Cindy carefully conveys her feelings through her brush strokes. The artist says "This process is like throwing a basket of clothes on the floor, then folding them one by one neatly and putting them into the relevant pile and placing them in the wardrobe." It comforts Cindy both physically and mentally.

Cindy paints her feelings onto the canvas using soft colors and smooth brush strokes. We will find how sensitive an artist she is when one examines her paintings closely. Her paintings are generally very peaceful and harmonious at first glance, but when one looks closely, subtle sadness and loneliness are not hard to be found.

About MobArt Gallery

MobArt is an art gallery with a twist. Unlike the traditional art galleries, we don't have a physical space, we are *mobile*. We "pop up" everywhere in the city and may one day appear just round the corner of where you live or work.

Our *Concept* is simple – we utilise alternative urban spaces like restaurants, coffee shops, lounges etc. to curate Art shows.

Our *Goal* is clear – to make Hong Kong a better place for Art. Elevating people's interest and appreciation for Art by making Art an integral part of our everyday life would in turn foster an environment that supports and nurtures young, talented artists.

Join us and become part of the MobArt movement!
