La Friche in Strasbourg is an artistic association, a working process for artists, keep moving.

La Friche focuses on detached artistic projects, involving theatre, dance and music, as well as plastics arts associated to those other arts.

La Friche joins together professional artists located in the Eastern France (Région Grand Est). The main purposes are based on the exchange of artistic practices, information, how to become professional. The association can also help artist applying for a job.

La Friche is involved in contemporary artistic creations, in the way of presenting unique projects, revealing current issues.

La Friche would like to be a springboard for creative people which have no direct access to cultural places.

La Friche's ambition is to become a link between the artistic emergence and cultural places.

La Friche allows multinational artists to join a team who can help them in all their steps, allowing them to show up their projects to everyone, professionals included.

La Friche means knowledges and skills transmission as well as mutualization, allowing well-known artists to meet other ones, less-known.

La Friche is the place to be for the artists who want to share their skills.

# FEST#6

**WHERE AND WHEN :** 18th and 19th May 2018 in Strasbourg at L ESPACE K

**APPLY BEFORE :** Friday 15th DECEMBER 2017-09-25

**TOPIC :** « THE SURROUNDINGS »

Environment is all what is surrounding us. All the natural and artificial elements in which the life takes place.

Artists, all performers (dance, music, theatre, plastic arts), are involved in our environment evolution. They use to look on our world wondering on all the consequences of our behaviours. At the present time when ecological changes involves society changes. LA FRICHE of Strasbourg launches a project for the FEST WITHOUT TITLE BUT « The Surroundings ».

We look for performances (theatre, dance, music, plastic arts associated with the other arts), to think Living Arts as a mean to highlight all the environment and society issues.

The Art as a Warning about issues or a Power for proposals to change « THE SURROUNDINGS » for transition, responsibility, and environmental awareness.

« THE SURROUNDINGS » as all that can be involved in a way of life, in our consumption, to protect biodiversity, Nature conservation to keep dancing, singing, playing and seeing.

One specific feature of the event is that a group of inhabitants living in the station district will be involved in the selection of one project for « Sans Titre Mai(s) les Alentours »
