5. When your child's name shows up, click so it is highlighted yellow, then **Continue: Match to selected profile.**

The screenshot shows a web interface for a profile page. At the top, there's a 'PROFILE PAGE' header. Below it, there's a 'Statistics' section with details like 'Profile Creation Date: September 17, 2013' and 'Current Certification Date: October 03, 2016'. The main area is divided into 'Please choose a section' and 'Section information'. Under 'Please choose a section', there are buttons for 'PROFILE INFORMATION', 'RESET YOUR PASSWORD', and 'PERSONAL SETTINGS'. Under 'Section information', there's a 'CHILD MANAGEMENT' section with a warning: 'In order for your association to receive record of your certificate, your child/children **MUST** be added to your profile!'. A modal window is open in the center, displaying a table of records found in the Hockey Canada Registration System. The table has columns for Name, DOB, Gender, Branch, MHA, and Hockey ID. One record for 'Lindsay Leggett' is highlighted in yellow. Below the table are two buttons: 'NO MATCH FOUND' (with subtext 'None of these are a match') and 'CONTINUE' (with subtext 'Match to selected profile'). The 'CONTINUE' button is circled in red.

The following records were found in the Hockey Canada Registration System.
Click on the correct profile to select it or choose "No Match Found":

Name	DOB	Gender	Branch	MHA	Hockey ID
Lindsay Leggett		Female	Ontario Hockey Federation	Noha	1500000615057

NO MATCH FOUND
None of these are a match

CONTINUE
Match to selected profile

5.a) What if there is no match?

Double-check to ensure the MHA, DOB, and Name spelling are accurate. If the last name is hyphenated, try searching only the first of them in case the profile is punctuated differently. **If you click No Match Found, a new profile will be created for your child and the credential will not be added correctly. Please call your Association or the NOHA if you cannot find a match.**

6. Once the child shows up in your profile, the credential will automatically update.
