Memo

To: Alliance Hockey, GTHL, NOHA, OMHA, OWHA

From: Phillip McKee - OHF Executive Director

Date: 9/12/2017

Re: Cross-Ice Hockey Information Session

In support of the implementation of cross-ice hockey for players six-years-old and under, the Ontario Hockey Federation is hosting an information session for association and club administrators, coaches and parents.

Guest speakers will include: Dr. Stephen Norris (Hockey Canada Performance & Development Systems) and Corey McNabb (Hockey Canada Director, Hockey Development Programs). They will also be available for questions following the presentations, along with Jeff Stewart (Ontario Hockey Federation, Technical Director.)

Additionally, Hockey Canada CEO Tom Renney will join the conversation remotely, from Calgary.

For those unable to attend in person, a live stream option will be available and shared over the Ontario Hockey Federation social channels (Twitter, Facebook) prior to the start of the session. Once completed, it will be loaded to the OHF website for further reference.

BIOGRAPHIES

Dr. Stephen Norris has been involved in sport physiology research for over 20 years, focusing on 'sliding and gliding' sports (those on ice, snow and water). He is a supporter of development appropriate to the age and level.

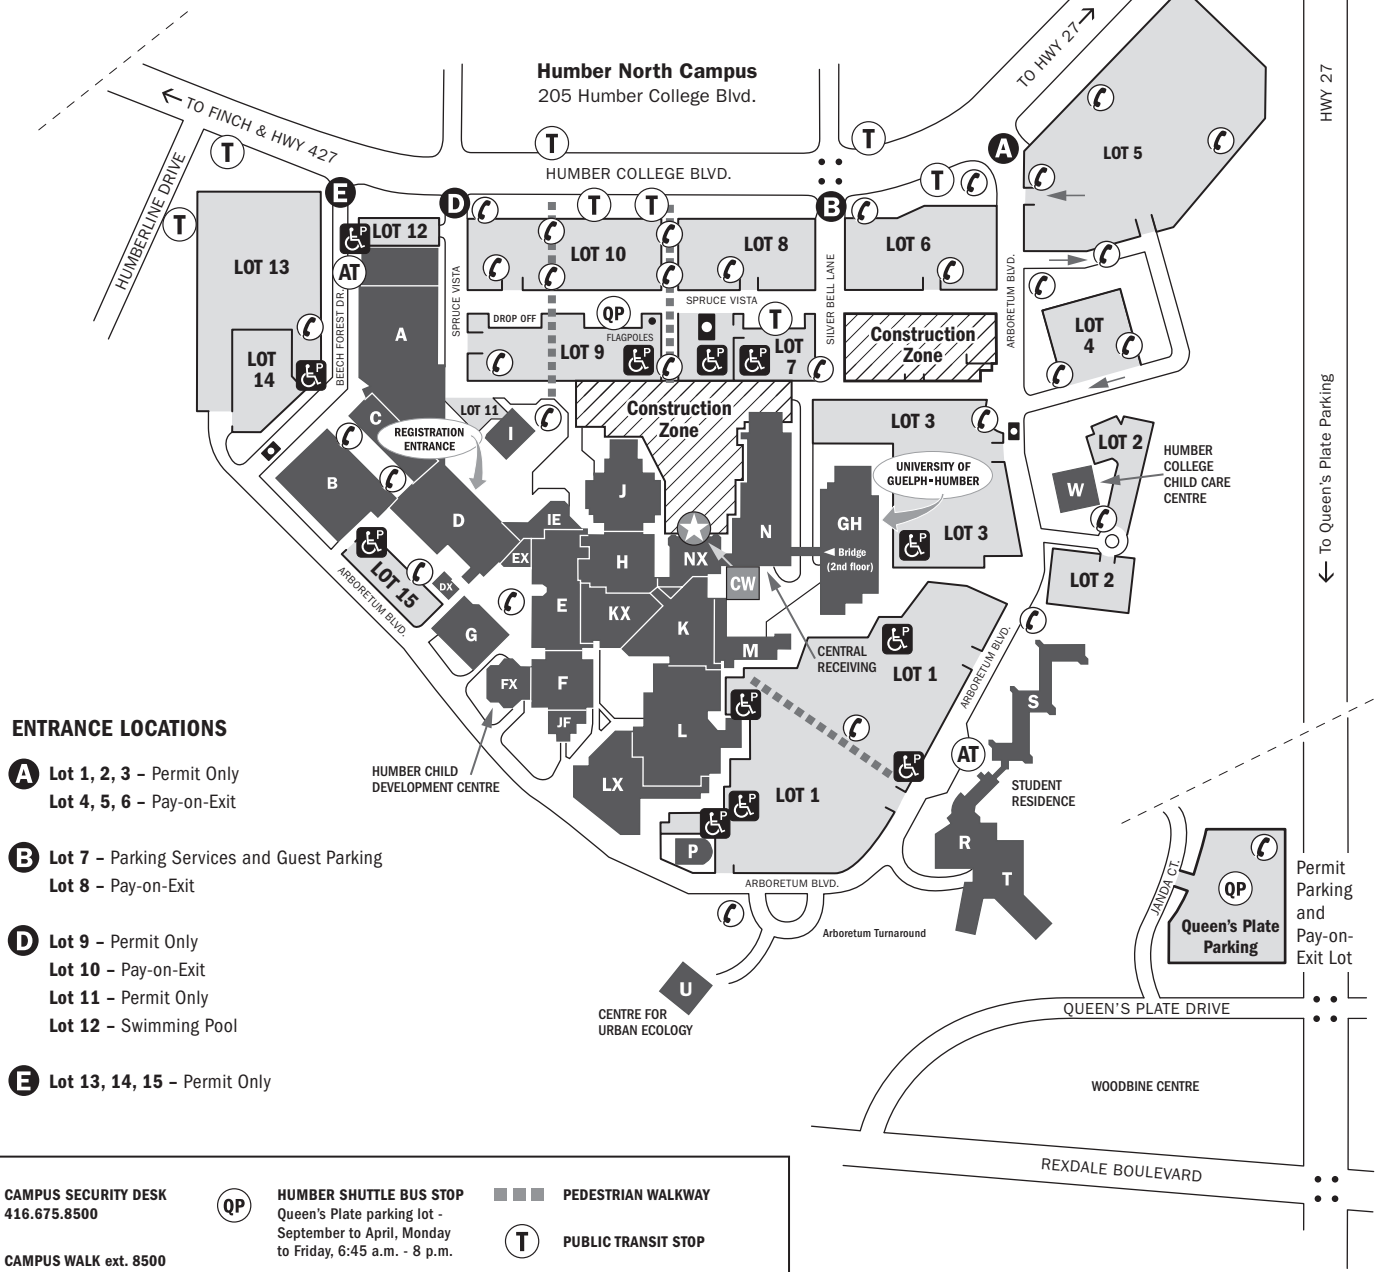

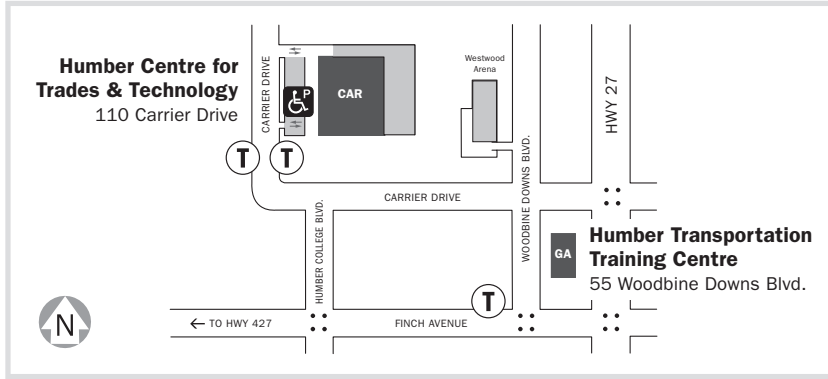

Corey McNabb has been with Hockey Canada for 20 years, focusing on coaching and development programs. He is responsible for Hockey Canada's Long-Term Athlete Development and the technical materials in Drill Hub and the Hockey Canada Network App.
