

# CANDIDATE INTRODUCTION

Statement from Mr. Kevin Winson,  
Candidate Standing for Election to the Board of Directors

Dear Fellow Owners,

I am no stranger to the Board of Directors at Emerald City One, having served as Officer of the Board for the last couple months. During this time, I have been taking part in all Board discussions and have made plans to establish a Communications Committee. I have been developing a comprehensive strategy to better communicate with all residents what is going on here at Emerald City 1. It is my hope to continue this work as a full, elected member of the Board. I want to make sure that we as a Board never forget, that even though we are sometimes tasked with making difficult decisions, we must think about the Residents and how these choices affect everyone.

In my professional life I work in the performing arts. Throughout my career I have worked for many companies from tiny little theatre companies with thousand dollar budgets to some of the largest companies such as the National Ballet of Canada. No matter what size the budget I have always looked for ways to make sure we were getting the most out of every dollar. In theatre the show has to open on time, so planning and scheduling is very important. One of my biggest strengths is my ability to foresee issues before they occur and to prevent them from happening. Many of the positions I have held were supervisory positions. In all of these, especially my current position, I oversee large crews during builds, set ups and tear downs. I have learned how to get the best out of everyone, how to deal with different personality types and how to diffuse problems when they occur.

I know that I will be able to use my experience and skill set to make sure that Emerald City 1 runs effectively and efficiently. Thank you for the opportunity, I look forward to serving you as a member of the Board of Directors.

Sincerely,

Kevin Winson
