

May 9th - An evening honoring **New Energy Economy's** Climate Truth-tellers Award Winner

2019 Climate Truth-tellers Award **SENATOR BILL SOULES**

Please attend to help honor Senator Bill Soules who courageously dove-in head-first to understand the key issues on the Energy Transition Act. Senator Soules created and fought for legislation that protected consumers and our climate. He refused to stand down and continued to ask the hard questions, worked to educate others, demanded rigor and critical discourse - even though he took a lot of heat from the political power structure for doing so. That is why he is this year's Climate Truth-tellers award winner!
