If your child takes lessons during the school day, we will work with their teachers to find the best time. That may mean that your child comes to their lesson during recess or at some other time that does not interfere with class work. Students who are taking lessons are required to keep their grades up.

Lesson & Payment Information:

Lessons at Saint Mary School are given in three sessions throughout the school year, including Fall, Winter, and Spring. Payments for each session should be made in full by the due dates written on the bottom of this form. There are a few options regarding the types of lessons that we offer. Please survey your options and check the one that works best for you.

PRIVATE HALF-HOUR LESSONS

These types of lessons tend to work best for most students. It is a one-on-one setting in which the child studies with a teacher for a half-hour with no distractions. The thirty minute time slot is also sufficient for learning one or two songs, a series of exercises, musical notation, sight-reading, music theory, and assigning homework.

Cost per lesson: \$28

Cost per eight-lesson session: \$224

PRIVATE HOUR LESSONS

These types of lessons are perfect for students who can benefit from the extra thirty minutes. In an hour lesson, time can be allotted for learning and practicing several different things, such as new techniques and alternate playing methods. New types of challenges can be presented and overcome in these types of lessons.

Cost per lesson: \$47

Cost per eight-lesson session: \$376

VIRTUAL HALF-HOUR LESSONS

Due to concerns over the spread of illness during this unprecedented school year, our teaching staff is also available for virtual lessons after dismissal. These types of lessons are great for students who can maintain a consistent level of focus and who have a quiet space at home in which their lesson can take place. The availability of virtual lessons is determined by each teacher.

Cost per lesson: \$28

Cost per eight-lesson session: \$224

VIRTUAL HOUR LESSONS

Due to concerns over the spread of illness during this unprecedented school year, our teaching staff is also available for virtual lessons after dismissal. While these types of lessons are great for students who have a quiet space at home in which to learn, they also have the added benefit of giving each student extra time to study and practice. Since time in these lessons is not as limited as their half-hour counterparts, more progress can occur and more songs, techniques, exercises, and music theory can be learned. The availability of group lessons is determined by each teacher.

Cost per lesson: \$47

Cost per eight-lesson session: \$376

Note: Hour lessons are not given during school. Also, social distancing guidelines will be maintained during private lessons. Students and teachers will wear face masks and sanitize their hands before and after each lesson.

How to pay for lessons

Payments may be made with check or cash. Checks should be made out to **Saint Mary School** and placed in an envelope with "Att. Mr. B" and "Soundwaves" written on the front.
