Dear Parents and Carers,

I thought I would take this opportunity to clarify the resources that we have made available to you to support your child in learning at home.

Firstly and most importantly, please can we emphasise that we are not expecting you to recreate school at home. We understand that these are very challenging times for everybody and that you will be juggling caring for and educating your children alongside trying to work and manage your everyday life too. Everything that we are making available to you is designed to support and help you – we do not expect you to complete and do everything!

Although we would encourage you to try to stick to a routine, this will look different in every household and depending on individual circumstances. Our advice is that your child spends some time each day on more structured learning. This could be when they complete some of the work in the packs that they were sent home with. You might also choose to use this time to explore the Home Learning Projects (available on the pupils page of our school website [www.stradbroke.suffolk.sch.uk](http://www.stradbroke.suffolk.sch.uk)).

In addition to these resources, attached to this letter are some more ideas and links to free home learning resources, many of which your child should be able to do more independently.

We have also developed a sharepoint site with more resources for parents to use with their children. If you would like to join the site, please email [onlinelearning@asst.org.uk](mailto:onlinelearning@asst.org.uk).

In these challenging times, it is important to remember that so much learning can be done through playing with and talking to your children. Use this time to do all the things with your children that there is never normally time for in your everyday busy lives!

As ever, thank you for your continued understanding, support and co-operation,

Mrs H. Hunt

Head of School
