Background

You've received your concealed handgun license – now what:

- Do you know how to avoid or de-escalate a potentially violent situation?
- Are you carrying your handgun in a good holster in the right location?
- Do you know how to clear your garment and draw your handgun from concealment?
- What other gear, besides your handgun, should you carry?
- Are you aware of the legal issues involved in using a handgun in a self-defense situation?
- Do you know what to say to law enforcement after you've had to use your handgun in a self-defense shooting?

Equipment Requirements (What to Bring)

To participate in this class, you must have the following:

- Handgun (revolver or semi-automatic) that you are carrying regularly along with at least 2 magazines or speed loaders
- Holster (stiff leather or Kydex) that can be mounted on a belt – no pocket holsters. Holster **cannot** collapse when you draw your handgun from it. (Retention holsters are **NOT** recommended for concealed carry.)
- At least one spare magazine pouch that can be mounted on a belt
- Sturdy gun belt (leather or webbing)
- Concealment garment typical of what you'll routinely be using to conceal your handgun
- Comfortable everyday clothes/shoes (no military/tactical/ninja gear unless that's what you wear everyday)
- **100 rounds** of full metal jacket (FMJ) ammunition (range ammo)
- Safety/shooting glasses and hearing protection
- Notebook and pen

This class will focus on three areas: 1) Awareness/Avoidance, 2) Legal Issues, and 3) Gunfighting Skills. Topics covered will be:

- Legal issues associated with carrying and using your handgun
- Interacting with law enforcement

- Additional gear you should be carrying
- Drawing your handgun from concealment and placing accurate shots
- Moving off the line of force while drawing your handgun
- Shooting with your dominant and non-dominant hands

Safety

No compromises here – this is the most important part of the class. You'll receive a safety briefing at the start of the class on Friday and before we begin the shooting portion of the class on Saturday. If you violate a safety rule during the class, your training is over.
