**This spring give your child the gift of knowing who they are:  
Join leaders, healers and teachers extraordinaire who can shape their world from within.**

This program was developed by a group of professional educators, therapists and community members to offer a fun and enlightening children's spring program.

**Our fun and safe environment will provide participants with tools and techniques  
To learn to appreciate who they are and the gifts they have been given.**

Daily activities will include experiences such as exploring core principles, arts and crafts, journaling, yoga, drumming, singing, food crafting, dancing and meditation.  
And . . . a community garden project!

**Join co-directors ...of the Soul Filled Series**
