*No Cost! Thanks to Sponsors

RSVP: <https://www.eventbrite.com/e/first-annual-infrasec-conference-tickets-27888246496>

What Is InfraGard?

InfraGard is a non-profit organization serving as a public-private partnership between U.S. businesses and the Federal Bureau of Investigation.

Purpose of the InfraSec™ Conference?

Collaborate and share current trends and best practices on Cyber Law, Cyber Security, and Physical Security.

Why three tracks?

There has become an increased need for the separation of physical security and cyber, although they maintain some similarities. Many professionals are beginning to wear separate hats regarding these matters. Furthermore, cyber legal matters are growing to affect many businesses in an environment that is outpaced by technology and legal precedence.

Can I receive CLE (Continuing Education Credit) for this event?

Most accreditations will allow for you to enter a portal and submit an application or proof of attendance for an educational event. Please retain details of your Eventbrite Registration and contact us if you require further documentation.
