## SPARKLES

Light-hearted, friendly and positively upbeat... are not the kind of words anyone would use to describe Sparkles. A soda whose fizz ran out long ago, Sparkles walks on the dry side with an hilariously acidic aftertaste. What she lacks in sweetness she more than makes up for in savvy sarcasm and biting retorts!

## Pizza Face

The Goey Chewy, the Slice With Lice, the Big Cheese – this charismatic but putrid piece of pizza pie goes by many names, but only one seems to stick (to the floor, mostly): Pizza Face! Pizza Face is the never-say-die leader of this ragtag crew, a congealed mastermind who loves nothing more than to find fun in the unlikeliest (and grossest) of places.

## DOC BROCC

He may have a wilted head and an offensive smell, but Doc Brocc still fancies himself the brains of the gang – and considering the other members, who are we to argue? Constantly tinkering on new insane inventions using stuff he scavenges from the store, Doc never fails to whip up miracles of mad science just as all hope seems lost – or zap himself silly when he flicks the switch!

## ROCKY

Hard as a Rock and loves to Roll, Rocky Donut is the wildest party animal in the aisle! Rude, crude and barely food, Rocky Donut's priorities in life are partying, partying, and partying – not necessarily in that order. But when the chips are down (and they often are after Rocky knocks every bag off the shelves), this bodacious baked good is the one you want on your side!

## EGGHEAD

The last to have expired and therefore the youngest of the group, Egghead is in a constant struggle to catch up to his peers. He is the Freshman of the group, Egghead may be a bit slow, but that doesn't stop him from jumping into the gang's adventures head first! And feet first. Especially since he forgets which is which. Hey, he's round!

## Ricardo

With a heart as mushy as his body, Ricardo can be a hopeless – and hapless – romantic. He's the first to jump into the fray if it means a chance at impressing a putrid paramour – or if he just gets caught up in one of Meathead's wacky schemes. Far from brave, Ricardo often finds himself in over his rotting head – which only turns him into a jumble of mashed-up nerves! But when push (or squish) comes to shove, Ricardo proves to be a fruit of action, adventure, and neuroses!

## Fingers

What's got five fingers and creeps out everyone and everything around him? This guy. Always popping up where you least expect him, Fingers is like the weird, mute uncle who's only ever in the background of family photos. Nobody can really figure out what Fingers' deal is – or if he even has one. Does he just get his kicks (or punches) from spying on others? Or are his motives more... tight-fisted?

## Meathead

Meathead fancies himself the life of the party platter – whether there's a party or not! Loud, proud, and easy to spot in a crowd, what Meathead lacks in manners he more than makes up for in, well, can we get back to you on that? Meathead loves bossing other folks around and making them play along with his hedonistic schemes – until everything falls apart and he immediately starts blaming everyone else. How can a sub this fun ever be wrong? Don't answer that.

## Surge

Talk about shocking! Surge is constantly on edge, his remaining kilowatts always **SPARKING** out of his head at inopportune times. Jumpy, jittery and packed with joules, Surge's the one who'll light up (or set fire to) any situation - be it party, picnic or, well, funeral. If you need someone firmly grounded, Surge is definitely **NOT** your guy. But for a jolt of unpredictable manic energy, look no further than this putrid power cell.

## STinky

The Yoda of the Yucky Mart, Stinky has been around longer than that mystery box in the back of your freezer. Always willing to offer words of wisdom – whether you want them or not – Stinky spends his days wallowing in noxious nostalgia, telling tales of toxic tomfoolery that may or may not have actually happened. Occasionally, however, the Grossery Gang does find some surprisingly helpful hints hidden in Stinky's stinky stories - so if you're looking for some icky inspiration, you may want to pay Stinky a visit. Just don't breathe in.
