AMERICAN INTEGRITY SOLUTIONS

Step One

Open the sling and layout as shown.

Note: this step is for instructional purposes, this does NOT need to be performed as illustrated.

Step Two

Unroll/Unfold the S5 and place your firearm, gear, etc in parallel to the long axis.

Step Three

Fold one side over (user preference on which side to fold first) to secure the end of the firearm, gear, etc.

AMERICAN INTEGRITY SOLUTIONS

Step Four

Fold the other side over.

Step Five

Fold the bottom up to the center

Step Six

Fold the top down to the center and secure the sling to the S5 using the two 1" side release buckles.

The 1.5" side release buckle on the sling is double bar.

This will allow you to not only adjust the sling to the desired size, but will allow you to adjust the buckle itself for max comfort.
