CALIFORNIA GOLD ANNOUNCES CLOSING OF FIRST TRANCHE OF PRIVATE PLACEMENT

Toronto, Ontario - California Gold Mining Inc. ("California Gold" or the "Company") (TSX-V:CGM) announces today that it has completed the first tranche of the non-brokered private placement of units (the "Offering") previously announced on July 31, 2018.

In the first tranche, the Company raised gross proceeds of \$935,000 from the issuance of 3,740,000 units. Each unit is comprised of one common share and one-half common share purchase warrant. Each whole warrant (the "Warrant") is exercisable to purchase one common share of the Company for a period of 24 months from the date of issue at a price of \$0.50. The Warrants will have an acceleration provision whereby if the closing price of the Company's common shares on the TSX Venture Exchange is at a price equal to or greater than \$0.60 for a period of 10 consecutive trading days, the Company will have the right to accelerate the expiry date of the Warrants, whereby the Warrants will expire 30 days from the date of the notice to the Warrant holders.

The common shares, Warrants and common shares underlying the Warrants are subject to a four-month hold period commencing on the date of closing of the Offering.

In connection with the closing of the Private Placement, the Company issued an aggregate of 56,000 broker warrants (the "Broker Warrants") and paid an aggregate of \$14,000 in cash to certain finders (collectively, the "Finders"). Each Broker Warrant entitles the holder thereof to purchase one common share of the Company until August 13, 2020 at an exercise price of \$0.50 per share.

The Securities, the Broker Warrants and the securities issuable upon the exercise of the Broker Warrants issued to the Finders (the "Issued Securities") were issued pursuant to applicable exemptions from the prospectus requirements under applicable securities laws. The Issued Securities are subject to a four month hold period which will expire on December 15, 2018.

The Company intends to use the net proceeds of the Offering to complete its ongoing resource drill program at the Queen Specimen mineralized zone located on its flagship Fremont Property, and for other general corporate purposes.
