1. Increase access: Better transportation, more online courses, new course delivery sites serving the western and northern Tohono O’odham Nation.

2. Provide additional degrees including Teacher Education, Information Technology, (IT), and Health.

4. Make developmental courses stepping-stones to college-level classes - not roadblocks.

5. Provide public health courses; grow and market traditional O’odham foods;

6. Increase enrollment to 500 students by 2020.

7. Increase graduation rate by 50% by 2020.
