

The ARTIST

I have always loved art from a very early age. I enjoy painting landscapes in various colours bringing out feelings and warmth to my work.

Other INTERESTS

I enjoy walking in the countryside and the Lake District, where I get my inspiration. I also enjoy dress making and have made several gowns and fancy dress outfits. I have just completed my own wedding dress and three bridesmaid dresses which I have designed to my own specifications.

The PERSON

I have three grown up children and several grandchildren. The special person who has mentored me in my art is the very person who is going to be my husband in a few months.

I currently reside in Ashton.
