

Steven Hemsley

## The ARTIST

I have painted from the age of five and have been inspired by the Impressionists, especially Renoir. I have also been inspired by Kandinsky. I paint from within the mind on how I remember scenes and put the mood into the paintings of how I felt at the time. My favourite art, that I spent fifteen years undertaking, is using light as my medium as well as paint.

## Other SKILLS

Glass engraving, 'turning' wood, sculpture and writing are a few of the talents I enjoy. I have two books awaiting publication which cover angling.

## The PERSON

I enjoy hiking for inspiration, meeting other artists and angling.

I currently reside in Ashton.

Commissions can be taken by all three artists.
