

## Company Profile - Ultimate Access

### Vision

*We believe in connecting with students to simplify learning through global online access and the ultimate delivery of our select, inspired, dedicated teachers.*

### History

Ultimate Access was originally an Australian domiciled company. The company was incorporated in 2008 and focused on business consultancy, training delivery along with development of software applications for businesses that required an online presence.

The company experienced a pivoting point when the founders identified a market opportunity for online education whilst visiting the UAE. Due to strategic advantages of the UAE it was decided to relocate the company to Dubai in 2014.

Ultimate Access - accredited by two esteem education institutes from the UK; ► Pearson

► Chartered Institute of Management Accountants (CIMA) **Service**

Ultimate Access provides educational, consulting services through out the Middle East servicing the accounting / financial and corporate business sector. Providing both individual and company training, we are an innovative educator making our teaching agile by using the latest online tools to connect and interact with students.

Courses are organised by qualified trainers with a blended delivery of live online and through workshops or seminars to deliver content.

For example –

- Individual students studying for qualifications such as CIMA accounting and HND certification.
- Tailor made solution-orientated courses for companies and SME's to facilitate with future education development requirements.
- Executives that require certified business strategy and leadership coaching.

Ultimate Access is fortunate to have an international lecture panel. We offer a unique service in that our lecturers have all gained industry experience to back up their academic qualifications. This provides practical solutions our students can apply in the real world of today. To this effect, Ultimate Access has produced CIMA prize winners on a regular basis.

### Objective

To collaborate with select business partners including corporates to develop value added products that enhance the educational services we provide for our clients and individual students.

**Ultimate Access is a limited liability company and is bound by the laws of UAE**
