

# Safety Data Sheet

## Crisbee Puck Original

---

### Section I - Identification

Product Identifier: Crisbee Puck Tin Original Cast Iron Seasoning Oil & Conditioner - Plant Based Oils With Beeswax

Manufacturer Name: Crisbee Inc.

Manufacturer Address: P. O. Box 3636, Deland, FL 32721

Manufacturer Phone: 929-314-4766

Emergency Phone Number: 929-314-4766

Recommended Use: Cast iron seasoning/conditioner

Restrictions on Use: N/A

### Section II - Hazard(s) Identification

Physical Hazards: N/A

Health Hazards: Slightly hazardous in case of skin contact (irritant), eye contact (irritant), ingestion, or inhalation.

Label Elements: N/A

Precautionary statements:

If on skin: Wash with plenty of soap and water.

If in eyes: Rinse thoroughly with water for several minutes. Remove contact lenses (if applicable) and continue rinsing.

If inhaled: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing.

If exposed or concerned: Get medical advice/attention.

If skin irritation or rash occurs: Get medical advice/attention.

If experiencing respiratory symptoms: Call a Poison Center or a doctor/physician.

### Section III - Composition/Information on Ingredients

Chemical Ingredients:

Soybean Oil - CAS 8001-22-7, Beeswax - CAS 8012-89-3, Elaeis Guinnesis (Palm Oil) - CAS 8002-75-3

The exact percentage concentrations of components are being withheld as a trade secret.

#### **Section IV - First-Aid Measures**

Eye contact: Flush thoroughly with water. If necessary, seek medical treatment.

Skin contact: Wash thoroughly with soap and water. Cover the irritated skin with emollient. Get medical attention if irritation develops.

Inhalation: If breathing is difficult, move victim to fresh air and keep at rest in a position comfortable for breathing. Allow victim to rest in a well ventilated area. Seek immediate medical attention.

Ingestion: Do not induce vomiting. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek immediate medical attention.

If exposed or concerned: Seek medical advice/attention.

#### **Section V – Fire-fighting Measures**

Flashpoint: 602 degrees F

Suitable Extinguishing Techniques and Equipment: Dry Chemical (B-C), Carbon Dioxide, Foam

Chemical Hazards from Fire: None

#### **Section VI – Accidental Release Measures**

Emergency Procedures: Evacuate non-essential personnel due to slipping hazard; equip employees with appropriate protective equipment.

Protective Equipment: Safety glasses, waterproof boots, suitable protective clothing.

Proper Methods of Containment and Cleanup: Absorb spill with inert materials, dry sand, absorbing compound and place in an appropriate waste container. Contain spill and prevent it from entering bodies of water.

#### **Section VII – Handling and Storage**

Handling: Apply good manufacturing practice and industrial hygiene practice.

Storage: Store in a cool dry place away from sources of heat and flame. Keep air contact to a minimum.

Other Precautions: Caution should be used by promptly disposing of oily rags, etc. to avoid the possibility of spontaneous combustion.

#### **Section VIII - Exposure Controls/Personal Protection**

Protective Gloves: Recommended

Eye Protection: Safety goggles where splashing might occur.

### **Section IX – Physical and Chemical Properties**

Physical State: Yellow Solid at Room Temperature

Odor and Appearance: Sweet Odor, Waxy Appearance

Odor Threshold: N/A

Vapor Pressure/Vapor Density: N/A

Evaporation Rate: N/A

Solubility in Water: Negligible

### **Section X - Stability and Reactivity**

Stability: Stable

Incompatibility: Not available

Hazardous Decomposition: Thermal decomposition may yield CO, CO<sub>2</sub>

### **Section XI – Toxicological Information**

Related Symptoms: Slightly hazardous in case of skin contact (irritant), eye contact (irritant), ingestion, or inhalation.

### **Section XII – Ecological Information**

Eco-toxicity: No definitive information is available on the environmental impact if this product is released into the environment.

### **Section XIII – Disposal Conditions**

Dispose in accordance with local, state and federal regulations.

### **Section XIV – Transport Information**

Not environmentally hazardous for transport.

### **Section XV – Regulatory Information**

HMIS (USA): Health Hazard – 1; Fire Hazard – 1; Reactivity – 0; Personal Protection – A

National Fire Protection Association (USA): Health – 1; Flammability – 1; Reactivity – 0

## **Section XVI – Other Information**

The information above is believed to be accurate and is given in good faith, but no representation of warranty as to its completeness or accuracy is made. We have reviewed the information contained in this data sheet which we received from sources outside our company. Suggestions for uses or applications are only opinions. Users are responsible for determining the suitability of these products for their own particular purpose. In no event shall we be liable for any claims, losses, or damages with respect to information or products, and no warranty is made, neither expressed nor implied.
