

Berkeley Citizens for Utility Undergrounding

Are you aware that your home is within Utility Undergrounding District Number 48?

UUD 48 has been in development for decades and has, for many years been at the top of Berkeley's list for final design and construction, "as soon as the City has sufficient CPUC Rule 20A credits".

According to the CPUC at the end of this year the City of Berkeley will have over \$9 Million dollars in credits and also holds over \$100K dollars in the City's reserve account from prior year assessment charges that home owners in UUD 48 have already paid. By many measures, funding should be more than sufficient to complete the proposed project ... NOW.

Please refer to the **Berkeley Citizens for Utility Undergrounding** website: www.berkeleyundergrounding.com for more details under the top of the webpage Tab "Emergent and Ongoing Projects", click on Grizzly Peak/Summit UUD #48.

Berkeley Citizens for Utility Undergrounding would like to hold a citizens' meeting on this issue. If you would like to help organize and/or participate in this meeting please email info@berkeleyundergrounding.com
