**Max Spiers** (d. 16 July 2016 Warsaw, Poland) was a British ufologist and conspiracy theorist who became well known in the conspiracy theory community following his death.<sup>[1][2]</sup> He believed in a wide variety of conspiracy theories and paranormal phenomena, including that he had been altered as a child to become a psychic "super-soldier".<sup>[1]</sup> and that he had superhuman abilities.<sup>[3]</sup> He was the grandson of Percy Herbert, and the father of two children.<sup>[4]</sup>

He died at the age of 39 on 16 July 2016 in Warsaw in Poland, following a high fever, after texting his mother "Your boys in trouble, if I die, investigate"<sup>[1][2][5]</sup> He is reported to have vomited copious quantities of black fluid prior to his death.<sup>[2]</sup> The cause of his death has not been conclusively determined.<sup>[1]</sup> It is reported that Polish authorities announced his death was due to natural causes, though no post mortem was performed.<sup>[6]</sup> His fiancée is reported to have expressed concern that his death involved foul play or was related to his investigation of a global elite satanist occult ring,<sup>[4]</sup> and his death has prompted speculation among other conspiracy theorists.<sup>[7][8][9]</sup>

A British inquest into his death was started in December 2016, but its proceedings were adjourned until February 2017.<sup>[2]</sup>
