Since 1990, the MANA Las Primeras® Awards have honored Latinas who demonstrate important 'firsts' in their fields with a national impact. The achievements of these extraordinary women show the important contributions Latinas make to this country. Las Primeras® serves as an educational program and commemoration of how far we have come, yet serves as an important reminder of the long road ahead for full inclusion of Latinas in the top levels of leadership in this country. When we are asked, "Where are your Latina Leaders?" – we can confidently and proudly point to this list of exceptional, accomplished women.
