

## Decking Rails & Boat Covers

**Solid Ash Wood Deck Rails:** StreamTech ash wood deck rails enhance the boating experience substantially. Built of heavy solid ash and finished in marine Spar Varnish with non skid finish, these decks make moving around on the boat vastly easier. They improve footing, provide a large work surface, offer dogs a great vantage point and improve getting in and out of the boat. And we love the rich look of wood. Available for all models. Left rail fits all StreamTech Boats and also fit the right side on boats built after July 2013. Specify which boat.

**GD and SF \$225 ea. / SH \$250 ea.**

### Fish Art Wood Burning on

**Rails:** Art by Rebecca Bowdler; Hand made and finished in. A real touch of Class for your boat. Each Rail unique.

**\$300 ea.**

**Bench Seat with Foam:** Also pictured here is the StreamTech plywood bench seat with foam on top (pictured with yellow straps at front position). Bench seating accommodates seating two up front on outings when the front swivel seat or Gear Box seating is not practical. Available for Green Drake or Salmonfly boats. **\$150 ea.**

**Boat Covers:** StreamTech Boat Covers have a custom fit specifically for our boats. They are built of tough marine grade materials that hold up under use. They feature full "sock" fit at the front, cam strap drawstring at the base for a tight wrap up fit, cam strap strip closure at rear, snap closed oarlock cover and a stout cover stuff sack.

### Green Drake

Boat Cover **\$ 574**

### Salmonfly

Boat Cover **\$ 595**

### Steelhead

Boat Cover **\$ 690**

**Lean Bar Covers:** Zip on covers to go over foam and wrap on lean bars. Made of heavy duty marine vinyl. These covers are tough, comfortable and look sharp.

**Green Drake: \$122 pair**

**Salmonfly: \$137 pair**

**Steelhead: \$144 pair**

### Fishpond Thunderhead Submersible Duffles:

After testing these water tight bags we conclude there is no finer bag on the market. They hold their shape, have a tough bottom and are 100% water tight. We tested them on the Salmon River, the Middle Fork of the Salmon and 20 days in the massive white water of the Grand Canyon.

Standard: 21" x 12.5" x 11", Large: 30"x15"x15"

**Thunderhead \$299 ea.**

**Thunderhead Large \$399ea.**
