Sid Roth had a guest Sunday on his program that set my feet to dancing. Johnny Enlow, pastor and author of "End of the World as We Know It: A Prophetic Word for Entering the New Era Paperback" April 13, 2020 by Johnny Enlow (Author), Elizabeth Enlow (Author)

W happens over the next few hours and days—everyone, remain calm. This is not the end, but only the end of the world as we know it..." Unfortunately, when some people read the phrase "end of the world," they envision cataclysmic scenarios that involve apocalyptic doom and global destruction. They tend to see all chaos and crisis through this negative lens, and sadly, it destroys their hope for the future. This is not that kind of message!

Bestselling author and respected prophetic leader, Johnny Enlow, believes that often before there is a "great awakening," we experience a rude awakening — a shaking. Throughout history, landscape-shaping revival and societal reformation have often come just on the other side of an earth-shattering crisis. If the magnitude of crisis gives one a prophetic glimpse of the glory, transformation, and revival that is to come, then be encouraged!

This prophetic book will infuse you with hope and confidence, providing you a Biblical framework on how to navigate uncertain days of crisis, fear, and calamity.

You will:

- Receive strength and courage to cross over through crisis, knowing that God's plans, purposes, and promises are often waiting on the other side of a storm.

This confirms what the Lord revealed to me last week and I wrote it in the FACTS and shared it on Saturday’s Briefing and Prayer Call. Our best years are yet to come if we stay on the Wall, stand on the promises of God, and turn from our wicked ways. Thirty five million Evangelicals are not registered to vote. God forbid! Will that change God’s plan for America? NO! They will be left in the desert of confusion and poverty. God is

with us! He is raising up laborers to reap his vast harvest, we are part of those. PTL.

This week the tables turned in Hillary Clinton’s world of lies and control. I shouted as I watched the Republican Convention....YES!!!! LORD!!!!YES!!!YES!!

Never, has there been such a dynamic stand for God, freedom and life of the unborn..... Amazing speakers on behalf of the unborn. Abortion is “murder”.....Our president and vice president have taken an unconditional stand for the unborn. If, (when) re-elected, only if we elect decent and God fearing people to the Congress and Senate will be pro-life...true pro life justiceswill be appointed.

So, if evangelicals in name only, choose to stay home or vote for Biden-Harris, they will live with blood on their hands. However, many democrats are coming into Republican, pro life party lately. This proves people are choosing. The democrats are doing their best to influence our elections so no one wins. They will create enough confusion and chaos to put Pelosi in White House they think. JUST FLOOD THE PEOPLE WITH PHONY BALLOTS before the election. Hillary has escaped justice for years. She is about to run her course. Watch God bring her to her liberal,

radical knees. And soon! Hillary is and has been the forerunner to take America for the Communist Party. She never intends to give up. Her sins will become her downfall. She is a failure and knows it. She has a husband that has never respected or cared for her. She held him by blackmailing her power over him. He left and joined the Epstein sick perverted camp. Why she thinks she has the authority to force us to bow to her self proclaimed power reveals how confused AND ARROGANT she really is. She takes those of us who believe and server God as fools.

We must pray for God to open eyes of our black pastors and evangelicals before November 3rd. Millions are indoctrinated and unable to see through the lies of the liberals and feminists that are keeping them from understanding they have a choice.....NO law is holding blacks down! Culture is! Only dems believe they do not have the intelligence to work, make a life or even take an I D card to go vote. THESE LIES THAT MUST BE DISPELLED. Powerful, successful black speakers at the RNC refuted that.

They stand tall as human beings qualified by character not race. PTL Young black men should be told” breaking the law could cost you your life”. Not,” police will take your life if you are black!” They should be told not to father a child if they don’t intend to support it. These ball players should kiss the ground they walk on and use their millions to support black children who go hungry every day and the only food they get are tax funded school meals. They should become big

brothers to the one out of seven black babies born to women tax funded birth and tax funded housing and welfare. They should help them get transportation to get to work or get an education and stay out of mobs. Don't be used by democrats and risk your life and life of other family members.

Look at where our Congress spends billions on people who don't work. None of which say, "thank you" but demand more. God forbid. Reform must come! Lies must be dispelled!

JOE BIDEN...RICH MUST PAY FAIR SHARE OF TAXES....PEOPLE IN MOBS SHOULD PAY FARE SHARE AND WE COULD BALANCE BUDGET.

THIS ELECTION IS VITAL

What is the spending on Welfare?
 In FY 2019 total US government spending on welfare — federal, state, and local — was “guesstimated” to be \$1,093 billion, including \$634 billion for Medicaid, and \$459 billion in other welfare. Welfare Spending Analysis
 This page shows the current trends in welfare spending. There are also charts on welfare spending history. See here for a general history of entitlement spending.

Recent Welfare Spending

Chart S.31t: Recent Welfare Spending

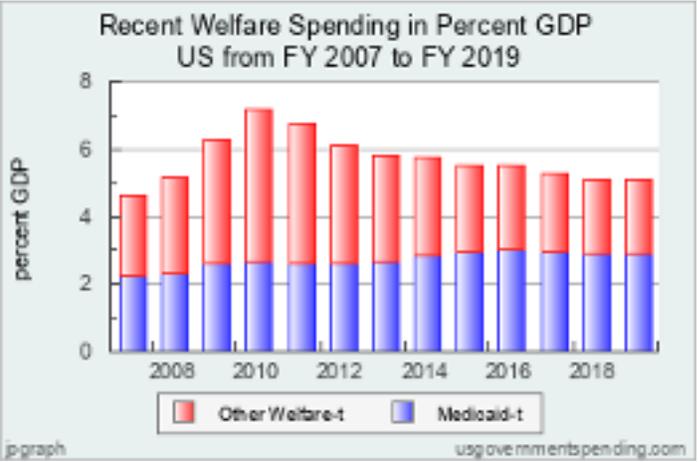

Chart S.32t: Recent Welfare Spending as Pct GDP

Welfare spending increased sharply in the late 2000s due to the Great Recession, with Medicaid (health care) rising from \$326 billion in 2007 to \$397 billion in 2010, and Other Welfare (cash, food, unemployment, housing) from \$339 billion in 2007 to \$677 billion in 2010. In the recovery, Other Welfare has declined to about \$450 billion. But Medicaid spending has steadily increased, responding to the Medicaid expansion of the Affordable Care Act. In 2019 Medicaid spending was \$634 billion and Other Welfare was \$459 billion.

Viewed from a GDP perspective, overall welfare spending increased sharply from 4.6 percent GDP in 2007 to 7.2 percent GDP in 2010. In the trough of the Great Recession Other Welfare hit 4.5 percent GDP. But in the recovery since 2010 Other Welfare spending has steadily decreased to an estimated 2.3 percent

GDP in 2017. Since 2015 Medicaid spending has remained steady at 3 percent GDP. In 2019 Medicaid spending was 3.0 percent GDP and Other Welfare was 2.1 percent GDP.

We must keep this message going.

Look at the facts: Welfare Recipients by State 2020

** Official program name is Supplemental Nutrition Assistance Program (SNAP). Data for 2019 is preliminary and can be subject to change.*

We knew about the corruption from Dirty Cops, Dirty DC and the Swamp Rats, but now we are learning that the corruption of executives are with companies that we do business with or consume their products! These resignations and departures are massive!!

These are the very people that are so eloquently spoken, wear nice suits or clothes, drive fancy cars, yet they are hurting innocent children as their personal interest! And with today's new of Harvey Weinstein sentenced to 23 years in prison....this is just the beginning! The only suit they will have is an orange onesie, the only vehicle they will be in is prison bus transport. And
