

Count the pumpkins in each row. Color the boxes to show how many pumpkins are in each group!

Thanksgiving Brain Teasers!

1.

How many apples do I have? If I give half of my apples to my friend Jill and then give half of what is left to my friend Bob, I will have 6 left.

2.

I have some candy in a bowl. It is all green and yellow. There are 3 times as many green pieces as there are yellow pieces. If there are 28 pieces of candy altogether, how many are green and how many are yellow?

3.

The turkey loves to say "Gobble." If he says "Gobble" 8 times every minute, how many times will he say "Gobble" in 10 minutes?
