Claudi is a very special cloud. She was born in Galicia (like almost all of the clouds ...) and enjoys being swayed by the wind. She sails the skies looking for colours to try on and she loves how the whites of a cold winter fit on her curves when she is full of snow. How the golden ones of spring make her figure stand out. However, there is no doubt that Claudia's favorite feeling is the one that the red sunsets of summer leave on her spongy surface.
