Advisory Notice - Aitutaki Village Closeout Dates & Refurbishment Project 2019

Kia Orana Valued Partners,

We would like to inform you that Aitutaki Village is currently undergoing some soft refurbishments to their collection of bungalows in particular the 2x Family Garden Bungalows/Gardenia Bungalows.

The closeout period for the project was initially 8th-20th March 2019 as previously advised in our September Rates Amendments Update. However due to the low occupancy level at the property at this time, the project has been pushed forward and some small works have now commenced. This includes painters doing renovation on the interior and exterior of the bungalows. Please note that there will be no major noise renovation taking place until the 8th March 2019. The completion date still remains the 20th March 2019.

Based on this, the management of Aitutaki Village will offer all in-house guests a free lagoon cruise on Bishops Lagoon Cruise, every-day except Sundays to compensate for the early renovations.

We deeply apologize for any inconvenience this may have caused you and kindly ask that you advise your respective departments and staff accordingly.

If you have any concerns or questions, please feel free to contact any member of our team.

Meitaki Ma'ata e Kia Manuia,

The Product Team
Turama Pacific Travel Group
