ECO WARRIOR PURSUITS AT BUNGARAYA ISLAND RESORT

How would you like to go on vacation and help save the Baby Giants at the same time? Flex your muscles and become an ECO WARRIOR with our conservation package! Spend a minimum of 4 nights at Bungaraya Island Resort and join the team at the Marine Ecology Research Centre as they work to conserve our reef and protect the marine life that live within it. A truly unique and life-changing experience which creates lasting sustainable impacts on the environment, endangered species and the local community. Each Eco Warrior Pursuit itinerary is tailor made and handcrafted to reflect the immediate requirements needed at the time. As the environment is ever changing and flourishing, each itinerary will be uniquely different based on the season.

An Itinerary will be tailor made based on season and will be assembled from the following activities.

Divers (Duration 1 ½ to 2 hours)

1. Predator prevention for giant clam in ocean nursery. Picking of snails, checking net for holes.
2. Maintaining juvenile clams in ocean hatchery. Brushing of algae growth, repositioning those swept by current.
3. Collecting and relocating of sea urchin and crown of thorns starfish
4. Attaching broken coral fragments onto Biorock structures
5. Transfer and planting of sea grass
6. Collection of broken hard coral fragments
7. Collection of sea cucumber broods for conditioning and propagation

Non-Divers (Duration 1 ½ to 2 hours)

1. Production of Plankton (feed for giant clam larvae)
2. Potting of sea grass
3. Transferring and transplanting of seagrass
4. Preparing and propagating of soft corals
5. General beach cleaning
6. Sea cleaning on kayaks

From happy starfishes to our growing little baby giant clams, choose to make a difference with your time and join our team in making a stand for marine conservation. Here's to cleaner seas and sustainable marine life!
