Tivua Island Day cruise

As of the 1st of April 2019, the Lazy Lunch Cruise will no longer operate. Instead the Tivua Island day cruise will now depart aboard one of our tall ships at 10am and 11.30am. Both cruises are 7 hours and have the same great inclusions. Flexibility for your clients is so important and these cruises, being like rated and zero penalty for date and time changes, will offer then that in Fiji.

Kind Regards,

Jackie Charlton

PS: Looking for something different to promote? Why not add a new twice daily departure of Tivua Island tall ship cruise with your next Fiji mainland package. We can also help with dive holidays, romantic honeymoons, idyllic weddings and relaxing spa holidays, just ask us how.
