CALIFORNIA - Hotel del Coronado, Coronado have begun work to improve and enhance the historic Hotel del Coronado to create even more indelible guest experiences. The Master Plan for the Hotel will unfold in phases, with the goal of ensuring that the resort remains a destination of choice for many years to come. Actual start dates and sequencing of the work has been fluid and dictated by a variety of factors beyond our control. In preparation, we have carefully planned each phase of work in such a way that it minimizes guest impact and maximizes the enjoyment of our magnificent property by our most treasured asset, our guests.

Master plan improvements and enhancements to the entire resort will take place in phases from 2019 to 2021 and will include:

- ❖ A new main entry with grand sense of arrival
- ❖ Restoration of the historic front porch
- ❖ 142 new guestrooms and refurbishment of 97 California Cabana guestrooms
- ❖ New main pool and upgrades to the Sun Deck casual dining experience
- ❖ A new Event Center with ballroom, break-out meeting space, and Great Lawn outdoor event space
- ❖ Re-launch of Vista Walk outdoor event space
- ❖ Historic preservation and renovations in some back-of-house areas
- ❖ New underground parking structures
- ❖ Landscape improvements around the property

At this time, most major areas of the property are open as usual.

Underway currently are a number of projects including:

- ❖ An exciting new restaurant called Serêa (projected opening this summer)
- ❖ A reimagining of an existing outdoor meeting space called Vista Walk (projected opening late May)
- ❖ An underground parking structure at the north end of the resort
- ❖ Renovation of some historic buildings being utilized as back of house space/administrative office space

Improvements will continue in phases, with all work expected to be complete by late 2021.

We're taking all measures to minimize the impacts of this work on our guest experience. Our other restaurants, beach and recreation are in full swing and we're looking forward to a great summer.

CALIFORNIA - Pier 2620 Hotel Fisherman's Wharf, San Francisco

Thank you for your continued patience with the on-going construction, here are a few updates to the renovation work:

Ground Floor | Marriott Sales area: crew is mostly done installing drywall, painting and hanging the ceiling grid. The dock area will be receiving a new set of doors leading to the garage area very shortly.

Back Office area (behind the front desk): This area is also done with drywall, and painting with ceiling work commencing as well next week. The front desk offices will eventually move back in May.

Lobby: The current, abbreviated "Market Place" should be able to remain in place for some time, even as they finish the permanent Market Place. Next week workmen will take down the temporary walls in the lobby, and to finish off the permanent walls. There will be some ceiling work in the next couple weeks as life safety systems are upgraded. Cameras and TVs will also be added in the Lobby. Finally, new furniture will be installed in late April!

Courtyard: The courtyard will be getting resurfaced, new plants, new festive lighting, a fire pit and new furniture. Because of this though, the Courtyard will be closed to guests when the work begins the first week of April, ongoing for a few weeks.

Up on the guestroom floors: The work to install new life safety equipment (new water sprinklers and fire alarm system) continues on the third floor, and are moving right along. New hallway carpeting and brand new corridor lighting will be installed the week of March 25th. These rooms should be back into working inventory by April 15th. We will complete the carpeting work on the third floor elevator landing area in late April. Also on or about April 29th guestrooms on the second floor along Bay Street will be taken out of order to be worked on for the next guestroom phase in May and June.

Completed is the additional layer of sound-proofing of windows, essentially adding a double pane on the outer guestrooms. This further helps reduce street noise from our guests, providing for more restful accommodations. And we have one more round of bathroom bathtub re-glazing, with the final group of bathtubs to be worked on in early May. www.Pier2620Hotel.com (849)

CALIFORNIA - Quality Suites San Diego Seaworld Area Please be advised that the Pool and Hot Tub will be closed April 2 - 5, 2019 for maintenance.

FLORIDA - CoCo Key Hotel & Water Resort, Orlando We are excited to announce that we will be enhancing and upgrading Coco's Water Park in the upcoming weeks. In order to do so, portions of Coco's Water Park will be closed as we refresh the park. Not to worry, with 54,000 square-feet of water park space, there will be plenty of splashtacular fun to be had as the rest of the park will remain open and available for you and your family's enjoyment. For fun outside of the water, step into our 6,500 square-foot arcade with all of your favorites; including sports and skill-based games. www.cocokeyorlando.com (3660)

FLORIDA - RumFish Beach Resort, St. Pete Beach is the newly branded former *TradeWinds Guy Harvey Outpost* located just down the street from their TradeWinds Island Grand flagship property that known as RumFish Beach Resort by TradeWinds. The newly named RumFish Beach Resort by TradeWinds will maintain its "Florida lifestyle" theme, and will continue to be owned and managed by TradeWinds. All current and future reservations and rates at the hotel will be honored and remain unchanged. The property underwent a room renovation which was completed as of 28 February, 2019. The furniture received a fresh look and all rooms received new sofa beds, carpeting, fresh paint and upgraded bathroom mirrors and lighting. All soft goods, including bedding, draperies and upholstery were replaced. The rooms also offer new club chairs in the seating area, closet doors, sliding glass doors and windows with new railings and a coat of exterior paint has been added property-wide. www.tradewindsresort.com (4098)

FLORIDA - The Nautilus Hotel, South Beach It is with pleasure that we announce effective Monday, April 1, 2019, The Nautilus Hotel will join the Arlo Hotels brand portfolio, and henceforth will be referred to as "Nautilus by Arlo". The property will remain fully operational throughout the transition, ensuring a seamless, first-rate guest experience that travelers have come to know and love at the South Beach institution. SIXTY Hotels' management contract at Nautilus is naturally coming to an end on March 31, 2019. Since Arlo's parent company, Quadrum Global, has owned The Nautilus Hotel since 2011, it's a natural progression for the property to join the Arlo brand. Guests will not be impacted by the brand portfolio change. In time there will be soft good (furniture, art work, etc.) updates at the property but nothing structural will be changing. We will keep you informed of any improvements. www.nautilusouthbeach.com (13313)

HAWAII - Wailea Beach Villas, Maui please note that an upcoming beautification project will be undertaken at Wailea this fall. For select dates during the remainder of 2019, we will be continuing a stucco painting project on our penthouse building to ensure that our property is kept in pristine condition for years to come.

During some portion of these dates, the stairs to the lower lobby might be restricted. There will be a section of scaffolding present on the building, but we do not anticipate any noise from this project that would impact a guest's stay outside of the immediate area.

Beginning mid - June through mid - August, work on the upper lobby exterior will begin. There will be a section of scaffolding present on the lobby building, but we do not anticipate any noise from this project that would impact a guest's stay outside of the immediate area. The work will continue in the fall with scaffolding and limited noise from August 19th - November 16th. Please note that from September 8th - October 15th, we will need to close the family pool due to the work. The adult's only pool will be open for all guests during this time.
