PV International School, June 2018

We believe the best way of Early Childhood Education should be PV International School.

P Class For this past month we have enjoyed learning about plant life and insects. When outside, they found that they were able to describe the things they observe!

For the month of June we are looking forward to performing our Sports Day! During class, we will discuss the subject of Food! Not only things we eat here in Japan, but also countries around the world!- Aaron-

V Class The month of May was about our Sports Day preparation. 3 years old children were happy to rehearse with their older friends from Pclass. This month we also learned about different insects and continued to study phonics.

Writing practice : Can you hold your pencil right?

Monthly fingerplay: Itsy Bitsy Spider -Rita-

I Class In May, we could finally finish to color our own uppercase ABC flash cards we have been working on for a long time now. We also kept working on remembering the sounds of the letters.

Additionally, we learned about many different insects. I class learned about their names as well as their different abilities and what makes them so special. They were even shown real beetles in class and they were really excited. -Lukas-

News & Notes from PVIS **ご案内**

契約変更等に関して月ごとにご契約の変更が可能です。

ご契約内容の変更を希望される際は所定の用紙に変更内容をご記入の上、変更希望月の20日までに提出をお願いいたします。
