

Setting up a ParentsWeb Account

CCS uses an online school information system called RenWeb. The family access interface is called ParentsWeb. Here are the instructions to set up your ParentsWeb account:

- First, you need to make sure that the school has your correct email address.
- Next, go to **conestogachristian.net** and click on the "ParentsWeb" tab all the way on the right side at the top. (This takes you to the specific login for the CCS ParentsWeb. You may want to bookmark it.)
- Click "Create New ParentsWeb Account."
- Type in the email address that you have on file with CCS and an email from RenWeb will be sent to you at that address.
- Go to your email.
- In the email, click the "Click to change password" link. This link is only valid for 30 minutes *once clicked*.
- A web browser will display your Name and RenWeb ID.
- Type a User Name, Password and Confirm the password.
- Click Save Password.
- A message will display at the top of the browser, "User Name/Password successfully updated."

You can now log into ParentsWeb using your new User Name and Password. Anytime you want to access ParentsWeb, simply go to the link on our CCS homepage and enter your User Name and Password.

Alternatively, you can go to Renweb.com, click on Logins on the right side at the top, choose ParentsWeb, enter our District Code which is CC-PA, and then your User Name and Password.

One important note: ParentsWeb seems to work best in Internet Explorer and in Firefox browsers. If you are using Chrome or Safari browsers, all aspects of ParentsWeb may not work. If you are having any problems with the site, try opening it in Internet Explorer or Firefox.

RenWeb also offers a mobile app if you are interested in that capability. Links to purchase the app can be found at <https://cc-pa.client.renweb.com/pw/>

Please do not hesitate to contact Ginnie Lodge (ginnie.lodge@conestogachristian.net) if you have further questions.
