Child's Name _____

Language(s) spoken at home _____

1. Please comment on any emerging academic skills you have noticed in your child such as color, letter or number recognition, understanding of number concepts, reading, etc.

2. Please comment on any Judaic skills you have noticed such as recognition of alef-bais, willingness to tell what he/she knows about the weekly Torah portion, etc.

3. Does your child seem to have an unusually advanced vocabulary? Does s/he use descriptive terms in a meaningful way? Please give examples.

4. What are your child's favorite activities?

5. Is your child inquisitive or curious? Please give examples.

1. Does your child become absorbed and truly involved in certain topics or problems? Can you relate a recent occurrence?

2. Is your child a perfectionist or self-critical, not easily satisfied with his/her own speed or products? Please give examples

3. How independent is your child? What self-help skills does s/he have, such as dressing, helping around the house, etc.? Can s/he start and finish projects without your help?

4. Does your child prefer to work independently or to interact with children his/her own age or play with older or younger children?

5. Is s/he self-assertive or stubborn in his/her beliefs?

6. What kind of imaginative play does your child enjoy?

1. How much interaction has your child had with other children his/her own age? Please describe.

2. How does your child resolve social conflict? Please feel free to add descriptors of your own.

verbally physically withdraws asks for help

3. In what kind of learning environment do you think your child functions best?

4. How does your child react in a new situation?

5. What goals do you have for your child?

6. Does your child have any specific needs or fears?

1. What do you think should be the priorities of an educational institution?

2. What types of Jewish observances (such as Shabbos, Kashrus, holidays) do you enjoy in your home and how do you like to observe them?

3. Is your child still napping? When? How long?
What time does s/he get up in the morning?
What time does s/he go to bed at night?
Does s/he sleep well?

4. Is your child potty-trained? How long?
Do they still need assistance?

5. Does your child have any vision, hearing, or other health related problems? Is your child in a counseling relationship that would affect school behavior?

6. What led you to consider MMSC?
