# HOME & DECO

En esta sección encontrarás los géneros de algodón y lino que puedes usar para tu casa: tapiz, cortinas, ropa de cama, mantelería, cojines, bolsos, etc.

Debes calcular un 10% más de la medida que necesites porque al ser fibras naturales (algodón y lino) **encogen** y antes de confeccionar tienes que lavar la tela con agua fría y detergente suave.

Son telas de 1,40 de ancho.

## VELVET

\$15.990 y tiene 1.40 de ancho. Los Velvet- también se les dice Felpas o Telas Terciopelo- son muy prácticas para la casa, al ser fibras sintéticas es súper fácil de limpiarlas. Su característica que más nos gusta es que al tener el pelo alto no tienen un color uniforme y la hace resaltar aún más. Se pueden usar para tapizar, cojines, fundas, etc!!
