CLASS SCHEDULE

Weeks 1 – 3 : beginner wheel introduction, practicing of techniques

Week 4: glazing processes introduced; students will glaze work then continue with wheel throwing

Week 5 : A discussion of our first glaze results and an introduction to a hand building technique

Week 6 – 7 : Student's choice – complete the suggested assignment or work with the instructor to develop your own project.

Week 8: Break for firings (No Class)

Week 9: Glazing class

Potluck and work pick-up date TBD

Classes run for 9 weeks with a break at the end of the session to prepare student work for glazing, giving each student 8 three-hour classes to be introduced to a variety of ceramic techniques and projects. With only 6 openings in this class, students will be given ample hands on direction and guidance, leaving the class with their finished pieces of art and a new appreciation for mud.

All students are invited to participate in a year end gallery exhibition showcasing student work.
